

Announcement:

The VSI Pathway to Success Program – Introduces the Basics of Construction Safety

This course will be offered for FREE, to all incoming and incumbent VSI Installation Program Participants.

The CareerSafe® online program is the first of its kind. It is an interactive, online program that addresses the high priority safety training needs of young workers. With the CareerSafe® philosophy, “StartSafe. StaySafe.”, students will learn about their rights and responsibilities in the workplace and gain valuable knowledge about how they can protect themselves and others. Throughout the program, students explore a wide range of occupational safety and health topics including Introduction to OSHA, common physical and health hazards, hazard identification, and how to protect themselves from hazards, all intended to help them StartSafe. StaySafe.®

To proceed with the StartSafe program, please follow these instructions to access the Basics of Construction Site Safety:
